#### NWS Form E-5

U.S. DEPARTMENT OF COMMERCE NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION NATIONAL WEATHER SERVICE

# MONTHLY REPORT OF RIVER AND FLOOD CONDITIONS

TO:

Hydrologic Operations Division, W/OH2 National Weather Service National Oceanic and Atmospheric Administration Silver Spring, Maryland 20910

# HYDROLOGIC SERVICE AREA: Pocatello, Idaho

**REPORT FOR:** 

**MONTH:** August

**YEAR: 2005** 

**SIGNATURE** 

Sherrie Hebert Service Hydrologist

**DATE:** August 16, 2005

When no flooding occurs, include miscellaneous river conditions, such as significant rises, record low stages, ice conditions, snow cover, droughts and hydrologic products issued (NWS Instruction 10-924).

An X in this box indicates that no flooding has occurred for the month within this hydrologic service area.

Precipitation varied across Eastern Idaho from more than double in Blackfoot to none at Stanley. Most August precipitation fell in the eastern section of the Pocatello Hydrologic Service Area (HSA) and decreased dramatically to the west.

#### **Other Hydrologic Interests**

#### **Precipitation**

August precipitation for the Pocatello HSA was only 77.2% of normal for 42 of 43 reporting stations with climate data, according to Western Region Climate Center data. Of the reporting stations, 12 were above normal, and five stations were 20% or less of normal. Stanley tied the monthly record-low precipitation of 0.00 inches set in 1988.

#### Reservoirs

The Upper Snake River reservoir system is at 30% of capacity<sup>1</sup>, down 18% from August 12, 2005.

|                | % Capacity                  | % Capacity             | Percent | % of 3               | % of                   |

### **Drought**

Much of Eastern Idaho continues to rank as D1, "Moderate", on the US Drought Monitor. The northern section of the Pocatello HSA along the Idaho/Montana border ranks D2, "Severe". These rankings are a great improvement over the last four-plus years when Eastern Idaho was primarily in the "Extreme" and "Exceptional" categories.

### **Hydrologic Product Summary**

**August 2005 Hydrologic Product Summary** 

| Product   | Number Issued |
|---|---------------|
| Flash Flood Warning   | 0             |
| Flash Flood Statement   | 0             |
| Flood Watch for Flash Flooding  | 0             |
| Flood Warning   | 0             |
| Flood Statement   | 0             |
| Flood Watch for Flooding  | 0             |
| Urban and/or Small Stream Flood Warning                                 | 0             |
